GET 53 NEW GUARDS

1ST PLATOON WON IN MEMBERSHIP CONTEST WITH 27 MEN

LARGEST CO. IN REG'MT

Local Military Organization Now Has 129 Enrolled.—Seven Got in Guard House Last Night.

With the addition of fifty-three new members in a membership drive lasting a week and which ended last night, Company C, 4th Regiment, Maryville Home Guards has the largest company in the regiment, one hundred and twenty-nine members answering to roll call.

High score in securing new members was made by the first platoon directed by First Lieutenant C. C. Hellmers, with twenty-seven men to its credit. Their margin was mall however, as the second platoon, directed by Second Lieutenant H. P. Swinehart brought in twenty-five. The twenty-sixth was secured too late to figure in the count. Stakes in the race for new members will be a feed provided by the losing platoon. No date has yet been set for the event.

When the campaign started Capt. Harry D. Snyder ordered that all members wear their uniforms until it was ended, those appearing on the streets or at their places of business being subject to a fine of twenty-five cents for each infraction of the rule. When the fine were counted up by company Clerk W. H. Allen it was found there was $15.50 to the credit of the mess fund.

Of some fifteen absentees without permission on last Friday night all but seven had good excuses, and it was the guard house for the unlucky seven who were given the job of cleaning up the armory and putting up a stove in preparation for cold weather.

LIBERTY BONDS VS. OIL STOCK

With Uncle Sam Having First Call on Surplus Funds, Buying Questionable Stocks Is Unpatriotic Act.

With the campaign for the Fourth Liberty Loan begun today when the people are asked to lend their money to Uncle Sam to prosecute the war, it is brought to the attention of the campaign executive committee that there are some who seem to prefer buying oil stocks than to lending their money to the government.

Attention has been called to the fact that it is an unpatriotic act to invest in uncertain securities at this time with the government entitled to first call on all surplus funds. The government has a right to demand loyalty of every American citizen and it has been shown that many securities, especially oil stocks, of questionable value are being sold, much of it being given in exchange for Liberty Bonds. Several transactions of this nature have come to the attention of a Maryville bank within the past week, and agents are now at work in the county seeking to dispose of certain stocks in exchange for Liberty Bonds.

The campaign committee urges that no Liberty Bonds be exchanged for commercial securities and that those who have funds to invest put them in government bonds.

NODAWAY VALLEY BANK, Maryville, Mo.

BOND DRIVE IS ON

TODAY IS VOLUNTEER DAY FOR PURCHASERS

SOLICITORS WILL MEET

Conferences Called Next Week for Maryville District and Polk Township Campaign Workers.

Nodaway county has the opportunity of paying its compliments to the kaiser in the form of 1,280 sixteen-inch shells to be delivered by Nodaway county boys now serving in France.

One sixteen-inch shell costs Uncle Sam $1,000 when it is ready for our boys to deliver to the Huns. Uncle Sam has fixed Nodaway county's quota at no less than $1,282,750, and we are going to buy that much and more.

When we have done our part we will have provided the 1,280 sixteen-inch shells for our boys to send on their way that they may add speed to the heels of the retreating Heinies.

To think of Liberty bonds as shells gives us an idea of what we can do in this war. These Nodaway county shells can create a veritable hell in the ranks of a Hun army. They can carry death and destruction to those who have been responsible for the devastation of the world. They can destroy the trenches that are shielding the murderers of French and Belgian children, and the ravishers of French and Belgian women. They can destroy the machine gun nests of the Huns from which they are shooting our Nodaway county boys. They will, in fact, bring the war nearer to that victorious end for which we are all waiting.

Chairman W. C. Pierce, of the county campaign committee has called a meeting of the solicitors for Maryville school district for next Thursday afternoon at 3:30 o'clock when assignments will be made and details of the campaign worked out. A meeting of solicitors in Polk township has been called for next Saturday afternoon at 2:30 o'clock. Both meetings will be held at the Farmers Trust Co.

It is urged that buyers purchase registered bonds, which, being recorded, may not be lost. Holders of registered bonds receive their interest from the government without having to clip a coupon and wait for it to be received at Washington before getting their money. While unregistered bonds are as good as gold and pass for currency anywhere, when they are lost the owner takes his chances on recovery.

In former loans 5 per cent of the purchase price was demanded at the time of purchase. In the Fourth Loan the buyer must pay 10 per cent of the face of the bond at the time the subscription is made. There is no deviation from this rule.

It is also urged as a means of conserving time and clerical work for those who are engaged in the work of soliciting and for the banks who handle the business, that buyers should pay when convenient, the full amount of the bond at the time of purchase. It is pointed out that purchasers who have the money on hand will find it as easy to pay the full amount when the subscription is made as to pay on installments. There is a vast amount of clerical work in connection with handling the subscriptions after they have reached the banks and payments in full by purchasers would be a great help.

Wheat Sowing Is in Full Progress.

Nearly all the wheat to be planted in this community this year will have been planted by the end of this week, many farmers having finished planting last week. An unusually large acreage is being put in because of the lack of help for tending corn. Early planting seems to be desirable this year in spite of the Hessian fly, many farmers believing that since there was no fly this year, there will be none next year. At least one and one-half times as much wheat is being planted as was planted last year.—Barnard Bulletin.

The members of the Maryville Chapter of the Daughters of the American Revolution have volunteered to undertake the promotion of a daily "Time of Prayer," for Maryville, and will be able to announce their plains next week.

The Maryville Commercial Club heartily endorses the action of the Maryville Chapter and will lend its support to the movement. FRED WEISENBERGER WRITES

Has Reached France and Is in Training for Front Line Work.

Private Fred L. Weisenberger, 3 F. A. T., Battery E, A. E. F., in a letter to his sister, Mrs. Bert Hiatt, writes as follows: "I thought I owuld tell you that I arrived in France all O. K. I did not get to see a submarine on my trip across and did not care to see one, either. The first few days I was a little dizzy and sick but soon got all right. We left Camp Doniphan July 6, about 450 men and officers. They are all over here now in training and when we get to the front there will be something doing. The weather here is nice and we slept out in a pasture the other night in our pup tents. The French are glad to see the American soldiers coming over here. We were paid in French money two weeks ago. Sure is queer looking coin but it isn't so hard to understand and to count. I have been going to the Catholic churches. The churches are very old and the French people here are all Catholics. They have some fine timbers over here They have big pine trees like those that grow in Oregon and Washington and I have also seen some of the linden trees mother spoke about. The farms are small and the villages about two miles apart with about 200 population. The people we see are all old men and women and children for the young men are all at the front. On our trip from Doniphan the Red Cross met us at every town of any size. We had one car in the center of the train that was used as a kitchen.

We had a pleasant trip to New York and was there about four hours. I have my gas mask and we are taking gas mask drills now. The Y. M. C. A. has opened up a canteen where we can buy tobacco and cookies and write letters. The government issues us tobacco every ten days. Regards to all my friends and write me lots of news in your next letter."

AMERICA'S GREATEST SUCCESS WILL BE INTRODUCED HERE

Ten million bottles sold in three years.

At present rate of sales grand total will reach 12,000,000 bottles by end of present year.

Large and modern laboratories at Dayton, Ohio, occupy 60,000 square feet of floor space.

Capacity of plant recently doubled to take care of rapidly increasing business. Present capacity 30,000 bottles daily.

Branch plant recently established in Canada, with a capacity of 3,000 bottles daily.

Demand for preparation has broken all world's records for same length of time, and is constantly increasing.

Publicly indorsed through the daily press by men of prominence throughout the United States and Canada, including supreme court judges, mayors of leading cities, lawyers, doctors, bankers, state and government officials, prominent educators and well-known ministers of the Gospel.

Now sold from coast to coast and from Gulf to Great Lakes, throughout the United States and Canada.

Tanlac is purely vegetable and is composed of the most beneficial roots and herbs known to science. Formula complies with all national and state pure food health laws of United States and Canada.

Absolute merit responsible for unprecedented success.

Tanlac, the Celebrated Medicine Which Has Been Accomplishing Remarkable Results in the United States and Canada, Will Now be Sold in Maryville and Throughout the Entire West—Remarkable Sales Record of Ten Million Bottles Phenomenal and Unprecedented.

Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout the United States and Canada, and which has been having a phenomenal sale in leading cities of the East and South, will now be sold in Maryville, the exclusive agency having been awarded to Koch Pharmacy. The amazing success achieved by this medicine in only three years' time is not only phenomenal, but unprecedented.

The discovery of Tanlac, the beginning of its manufacture, the establishment of the large and modern laboratories at Dayton, Ohio, occupying more than 60,000 feet of floor space, reads more like fiction than facts from latter-day commercial history.

TEN MILLION BOTTLES SOLD IN THREE YEARS.

Although placed on the market but little more than three years ago, over ten million bottles have been sold, and its sales record probably has never been equalled in the history of the drug trade in America.

From coast to coast and from the Gulf to the Great Lakes, Tanlac is known and honored. Millions have taken it and have pronounced it the greatest medicine of all time. No matter where you go throughout the United States, whether East, West, North or South, Tanlac is a household word and is now unquestionably the most widely talked-of medicine in the world today.

Briefly, this is the record of the truly marvelous medicine which will be placed within the reach of every one. In only a few weeks' time it will be placed on sale in practically every large city, town, village and hamlet throughout the entire West.

To use the words of L. T. Cooper, noted health expert and millionaire manufacturer of Tanlac, there is only one explanation of the nation-wide popularity and record-breaking demand, and that is very simple. The inherent purity and wholesomeness of the medicine has confirmed it in the minds of the people and made it a household word. That and that alone, is the secret of the marvelous expansion of the Tanlac business.

Mr. Cooper's unique theories of health and right living have attracted attention all over the country and have been the cause of considerable scientific discussion. It is conceded by all well informed persons that he is a man of extraordinary ability and wonderful insight into the fundamental principles of physical hygiene. This new preparation, which promises to mark a new era in medical science, was perfected only after years of study and experimenting in the Cooper laboratories.

BIG DRUG FIRMS TELLS ABOUT SALES

Enthusiastic Communications Received from Dealers All Over America.

The following are extracts from letters and telegrams from prominent dealers all over the United States and Canada telling in plain, cold figures of the remarkable growth and development of Tanlac throughout America.

Memphis, Tenn., June 5, 1918.

We have handled the Tanlac account more than a year and our sales have amounted to 279,900 bottles. April was our twelfth month, and we sold five carloads during that month alone.

HESSIG-ELLIS DRUG CO.

Nashville, Tenn., June 5, 1918.

Our books show that we have bought and disposed of over fifteen carloads of Tanlac (180,000 bottles) in this immediate territory, setting a record as the largest sale by us in given time of any proprietary medicine in the history of our business.

These sales were made with no effort on our part and without a single complaint from any of our patrons or subagencies.

SPURLOCK-NEAL CO.,
C. S. MARTIN,
Vice-President and General Manager.

St. Joseph, Mo., June 20, 1918.

Dear Sir: We note the very high esteem with which you are held by jobbers and the drug trade generally throughout the United States and Canada and feel certain that the retail druggists of Missouri, Illinois and Kansas will welcome your taking over this territory, which was formerly controlled by Messrs. Bailey-Gaines.

Tanlac with us has been a phenomenal seller, in fact the very best proprietary we have ever handled. It gives general satisfaction and is wonderful repeater. It gives us pleasure to renew contract relations, and again taken the agency.

We have sold as high as 350 to 400 bottles Tanlac a week.

W. S. KINNISON.

Salt Lake City, Utah, June 5, 1918.

We are now distributing our third car of Tanlac, consisting of 1,070 dozen. The first car was received December 20, and since that time we have distributed to the agents about 30,000 bottles. The sale is certainly unusual and it is the best we have ever had on any proprietary medicine. All the dealers seem to be well satisfied and are taking agencies very rapidly.

SMITH-FAUS DRUG CO.

Denver, Colo., June 5, 1918.

I find upon reference to our records, that since we became distributors for Tanlac in this territory last April, we have sold to the agents 75,648 bottles of Tanlac, and this in a section long on territory and short on population.

I consider that no dealer will make a mistake in taking on the Tanlac agency in his territory.

Yours very sincerely,
W. A. HOOVER & CO.,

Many Prominent Men Come Out For Tanlac

Leading Citizens in Every Walk of Life Including Well Known State and County Officials, Endorse It.

It is seldom, indeed, that men of prominence, especially men holding public office, willingly express their indebtedness publicly to a propreitary medicine. Many prominent men, however, including supreme court judges, mayor of our leading cities, prominent state and county officials, bankers, lawyers, doctors, editors, leading educators, government officials, and even ministers of the Gospel, have deemed it their duty to come forward and tell the people what Tanlac has done for them.

These well known men of affairs have recognized in this medicine a new discovery and a scientific triumph in the medical world. It is a well known fact that these splendid endorsements have been given Tanlac time and time again, and they will continue to be given just as often as new tests of its powers are made and it also explains why numbers of the big drug firms of the country are ordering it exclusively in carload lots.

Appearing below are a few endorsements from the large number that are continually being given to the public.

HIGH SHERIFFS OF SOUTH INDORSE IT

Officials From Four Southern States Tell of Benefits From Tanlac.

Four of the leading sheriffs of the South, in widely separated states, have given their unqualified endorsement to Tanlac.

Hon. C. W. Mangum, who was for three terms sheriff of Fulton County, Ga., residing in Atlanta, said: "Tanlac has certainly helped me. My condition is now that of a well man. Tanlac put my system in shape and all my disagreeable symptoms of stomach trouble have disappeared."

Hon. Chas. I. Lewis, ex-sheriff of Crittenden County, residing at Marion, Ark., said: "Tanlac has entirely relieved me of biliousness and malaria and has almost made a new woman of my wife, who has suffered for ten years with stomach trouble."

Hon. A. R. Anderson, who was re-elected seven times to the office of sheriff of Harris county Texas, residing in Houston, said: "Money could not buy the good Tanlac has done for me. I suffered from indigestion of the worst sort and had severe neuralgic pains. I have taken three bottles of Tanlac ,my trouble is gone and I am like a different man."

Hon. S. A. Kelly, sheriff of Ector county, Texas, residing at Odessa, Tex., says: "I needed a general all-round building up for over seven years and Tanlac has done that very thing for me."

PASTOR OF WESLEY MEMORIAL CHURCH TALKS.

Rev. W. C. Norton, former pastor of the Wesley Memorial church, 528 Estell street, Jacksonville, now residing at Perry, Florida, which large charge he has held for many years, is not only a leader in his church, but is exceedingly popular and widely recognized as a leading citizen and a man of thought and action. Rev. Norton said:

"I suffered from chronic indigestion for eight or ten years. . . . . The benefit I have derived from this medicine is nothing short of wonderful, for I really feel as well now as I ever felt in my life. In short, Tanlac has simply restored my health, and I feel it my duty to recommend it."

Among other well-known ministers who endorsed Tanlac are: Rev. W. T. Roby, pastor of the W. Lonsdale eMthodist church, 800 Leroy street, Knoxville, Tenn.; Rev. John M. Simms, Baptist minister, and Rev. A. L. Tall Methodist, both of Atlanta; Rev. J. A. Wells, pastor of Oak Ridge Methodist church, Oak Ridge, Miss.

EX-MAYOR OF B'HAM RECOMMENDS TAMLAC

Hon. Frank V. Evans Says He Weighs More Than Ever in Life since Taking It.

One of the latest additions to the large and rapidly growing list of prominent men who have publicly endorsed Tanlac for the good it has done them is the name of Hon. Frank V. Evans, former mayor of Birmingham. Mr. Evans is one of the best known men in public life in Alabama today, being at one time editor of one of the South's greatest newspapers, the Birmingham Age-Herald. He was also examiner of public accounts in Alabama. In telling of the benefits he has derived from Tanlac, Mr. Evans said:

"For years I suffered with gastritis and indigestion in the worst form. I was habitually constipated and had pains in my shoulders and headache continually. My appetite left me almost entirely and everything I would eat hurt me. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and smothering spells. For a long time I would have one or more of these spells every night and I would wake out of my restless sleep gasping for breath.

"I bought a bottle of Tanlac, and to my surprise and gratification I began to feel relief after the first few doses. I kept taking the medicine and now I weigh more than I ever did in my life, and my recovery is simply the talk of Birmingham."

BIG BANKERS ENTHUSED

Officers of Two Leading Institutions Praise Tanlac Highly.

Among the countless thousands of prominent people all over America who have taken Tanlac and praised it for the benefits they derived from it, none are more enthusiastic than the two well know southern bankers whose statements follow:

E. J. Henry, president of the Hawkinsville Bank and Trust Co., Hawkinsville, Ga., says: "Last spring I was all wrong some way or other and couldn't get right. I took a bottle of Tanlac and began to improve. Two more bottles put me in good shape and I felt perfectly well. A few weeks ag', I took the grippe and was getting down and out again. I bought another bottle of Tanlac and I am well again. I unhesitatingly recommend Tanlac to anyone who is sick and worn out."

W. C. McElveen cashier Bank of Hornbeck Hornbeck, Louisiana, says: "I have taken five (5) bottles of Tanlac and have gained fifteen pounds in three weeks. I think it is a great medicine."

Dallas, Texas, June 5, 1918.

We have handled Tanlac since January 1, 1917, and have sold to date 121,908 bottles. Our dealings with Mr. Willis highly satisfactory.

GREINER-KELLY DRUG CO.

Atlanta, Ga., June 5, 1918.

On one Saturday alone we sold through our eleven Atlanta stores, approximately 700 bottles of Tanlac at retail direct to customers.

Have had the exclusive agency since September, 1915, and have sold over 75,000 bottles.

JACOBS PHARMACY CO.

Toronto, Ont., Can., June 5, 1918.

We have sold 64,485 bottles of Tanlac since accepting the agency, June 11 of last year.

This shows an average of eight thousand bottles per month.

LYMAN BROTHERS.

TANLAC TO BE SOLD OVER ENTIRE WEST.

In only a few weeks' time Tanlac will be placed on sale in practically every large city, town, village and hamlet in the state.

A number of agencies already have been established in a very limited time, but it is desired by the manufacturers that the distribution be made more complete and far-reaching.

Druggists and dealers who are interested should write or telegraph G. F. Willis, Fourth National Bank Bldg., Atlanta, Ga.

WAR BRINGS BACK THE SLATE

Remember when you used to use a slate in school?

When Abraham Lincoln was a boy he wanted a slate. But slates were scarce and he was compelled to use the back of his father's snow shovel.

Today the slate is almost forgotten but war has brought it back. The government wants every scrap of paper put to war purposes. Paper contains materials and chemicals necessary in the manufacture of explosives and gases. The scribbling pad must go, school children and even storekepers can help the war by stopping the paper scribbling habit. Get out the slate and the sponge. Children should be given slates, in the schools. The paper makers, before the war, made paper so cheaply that an enormous waste of paper resulted; now the paper makers are restricted and conservation must be practiced. Bring out the slate and save sulphur, chlorine, caustic soda, and pulp, all wanted by our fighting boys over there.

THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first who have dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen and bloated feet and limbs, weakness, lassitude, dizziness, nausea, that tired wornout feeling, nervousness, sleeplessness, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haarlem Oil Capsules. This old and tried remedy for kidney disease and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you feeling fine and prevent a return of your trouble.

GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland. Get them from your druggist. Do not take a substitute. In sealed boxes, three sizes. Adv.
